House of Commons Standing Committee on Finance – Pre-budget Consultations 2013

This brief is submitted by:

○ **an organization** **Organization name:** _____

or

◉ **an individual** **Name:** Barry Zwicker

Topic: Financial services and other financial issues

*Recommendation 1: Please provide a short summary of your recommendation.

Advertise that budget recommendations are welcomed. Forgot all about it until I read in the newspapers that responses from the public are quickly diminishing.

Expected cost or savings: From the pull-down menus, please indicate the expected cost or savings of your recommendation to the federal government and the period of time to which the expected cost or savings is related.

unknown

1 year

Federal funding: Please provide a precise indication of how the federal government could fund your recommendation. For example, indicate what federal spending should be reallocated, what federal tax measure(s) should be introduced, eliminated or changed, etc.

Intended beneficiaries: Please indicate the groups of individuals, the sector(s) and/or the regions that would benefit by implementation of your recommendation.

Make use of this site.

General impacts: Depending on the nature of your recommendation, please indicate how the standard of living of Canadians would be improved, jobs would be created, people would be trained, etc.

Topic: Financial services and other financial issues

Recommendation 2: Please provide a short summary of your recommendation.

Reduce the size of government and the civil service.

Expected cost or savings: From the pull-down menus, please indicate the expected cost or savings of your recommendation to the federal government and the period of time to which the expected cost or savings is related.

$100 million -$499.9 million

1 year

Federal funding: Please provide a precise indication of how the federal government could fund your recommendation. For example, indicate what federal spending should be reallocated, what federal tax measure(s) should be introduced, eliminated or changed, etc.

No funding required

Intended beneficiaries: Please indicate the groups of individuals, the sector(s) and/or the regions that would benefit by implementation of your recommendation.

All taxpayers

General impacts: Depending on the nature of your recommendation, please indicate how the standard of living of Canadians would be improved, jobs would be created, people would be trained, etc.

Taxpayers' increase in purchasing power increasing demand.

Topic: Energy and the environment

Recommendation 3: Please provide a short summary of your recommendation.

Provide a significant incentive for home owners to purchase and install PV solar panels.

Expected cost or savings: From the pull-down menus, please indicate the expected cost or savings of your recommendation to the federal government and the period of time to which the expected cost or savings is related.

$100 million -$499.9 million

1 year

Federal funding: Please provide a precise indication of how the federal government could fund your recommendation. For example, indicate what federal spending should be reallocated, what federal tax measure(s) should be introduced, eliminated or changed, etc.

Redirect big business funding to home owners. (Improve chances for re election.)

Intended beneficiaries: Please indicate the groups of individuals, the sector(s) and/or the regions that would benefit by implementation of your recommendation.

More distributed power generation, more demand for solar panels, higher production volume resulting in lower cost, environmental benefits.

General impacts: Depending on the nature of your recommendation, please indicate how the standard of living of Canadians would be improved, jobs would be created, people would be trained, etc.

More demand creating more manufacturing, more research, more jobs.

Please use this page if you wish to provide more explanation about your recommendation(s).

*Please note that at least one recommendation must be provided
